Yanks and Red Sox Broke Even. New York, June 24-New York and New York, June 24—New York and Boston broke even in their double header here today, the visitors winning the first game 3 to 0 while the New Yorks turned the tables in the second game by a score of 3 to 2. Boston won the first game by bunching three of their five hits in the fifth inning. Janvrin doubled and he took third on Nunamaker's wild throw to catch him off second. He scored on Gardner's

Nunamaker's wild throw to catch him off second. He scored on Gardner's infield single. Yerkes then hit a home run into the left field bleachers, scoring Gardner shead of him. Leonard pitched brilliantly for Hoston, twenty of the Yankees going out on files. A sensational one-handed catch by Lewis on Holden featured this game.

The second game was a nip and tuck affair which Hartzell won by driving Bedlent's first pitch into the upper tier of the right field grandstand for a home run in the ninth inping. Foster injured his leg fielding a grounder in this game, and had to be satisfied off the field. Scores:

PHILLIES RELEASE

PITCHER CHALMERS Management Dissatisfied With His Ability!

George Chalmers was unconditionally released by the Phillies following the game with the Cubs on Saturday. Inability to get his pitching arm into condition to stand a nine-inning canter kept the big rightinning canter kept the big light-hander out of the game most of the season and as there was little likeli-hood of his being able to pitch again for wacks, the management decided to let him out without attaching any strings to his release.

CREWS COMPLETE HARD WORK

Men Trained to the Minute for Regatta on the Hudson Friday -Varsity Race is Scheduled for 6:15-Giannini, Yale's Assistant Coach, Visited Columbia's Quarters.

Poughkeepsie, N. Y., June 24—The fifteen crews representing Cornell, Syracuse, Columbia, Pennsylvania, Washington and Wisconsin have completed their hard work and are virtually ready for the three great rowing contests to be waged on the Hudson opposite this city Friday afternoon. All the crews were on the water this afternoon and evening but the work was confined to easy rowing and a few practices at starts.

It was the hottest day the parsine the first of the champions played ragged but the work was confined to easy rowing and a few practices at starts.

Planters Teok Two from Champions.

Hartford, Conn., June 24—New London took both ends of a double header from Hartford here today in easy fashion, the first 4 to 0 and the escond 8 to 2. The champions played ragged built and made many dumb plays. They were unable to hit either New London pitcher with effectiveness. Scores:

**Bauser, of 12 4 0 0 Walter, 0 2 0 8 8 Bauser, of 12 4 0 0 Walter, 0 2 0 8 8 Bauser, of 12 4 0 0 Walter, 0 2 0 8 8 Bauser, of 12 4 0 0 Walter, 0 2 0 8 8 Bauser, of 12 4 0 0 Walter, 0 2 0 8 8 Bauser, 0 1 1 Blocks 1 0 1 1 1 Blocks 1 0 1 1 Bloc

to easy rowing and a few practices at starts.

It was the hottest day the oarsmen have experienced and even short rows and easy paddling were stremuous because of the excessive humidity. The course targets were placed in position and the observation train arrived today and there was a test of the tide at Columbia quarters by Coach Jim Rice. With the aid of two buoys the coach demonstrated that when the freshmen and junior races are rowed Friday the advantage will be with the inside crews—Cornell and Columbia—both of these crews having positions one and two from the west shore in the first two races. At the time these races are rowed the tide will be virtually slack in the outside courses and running ebb along the shore.

Syracuse has the ouside position in both races, Pennsylvania being next to Syracuse. In the freshman race, the Wisconsin crew will be in the middle course.

As the varsity race will not be row.

As the varsity race will not be rowed until 6:15 the tide will have been
running down nearly two hours and
there will be no advantage in either
of the six courses In this event the
Wisconsin with Syracuse in the third
position, Cornell and Columbia in four
and five and Washington on the out-

and five and Washington on the outside.

Eugene Giannini, the assistant Yale
coach, was at Columbia quarters tonight and had a look at the Blue and
White crews. Giannini was much impressed with the work of Coach Rice's
oarsmen. He had no further comment to make on the Yale-Harvard
result.

Cubs Have Batting Bee.

Cincinnati, Ohio, June 24—Chicago had a batting streak in the fifth inning today making six hits which coupled with four bases on balls and an error with four bases on balls and an error gave them nine runs. The final score was 11 to 5. Yingling who started for Cincinnati, pitched good ball up to the fifth. He then yielded two hits to the first two men up and walked the third. Schneider who relieved him lasted but a third of an inning when he was replaced by Koestner. Koestner was also hit hard. Cheney and Pierce pitched well. Score: well. Score:

SPEEDY CENTER FIELDER TO LEAD YALE TEAM Middlebrook of Hartford Elected Cap-

tain. At a meeting of the Yale baseball team in New York Tuesday night, Louis Middlebrook of Hartford was elected captain of the Elis for next year. Middlebrook has played a phenomenal game in center field on the varsity nine for two years past and is regarded as the speedlest man on the squad.

is regarded as the speediest man on the squad.

It was generally expected that John Reilly third baseman, would be elected but his failure to show anywhere near the form of a year ago, prompted the athletes to cast their votes in Middlebrook's favor. Reilly and Middlebrook are both Skull and Bones society members.

Middlebrook has the nucleus for a championship team for 1914. Swihart, Brown, Gile, Hunter, Cornish, Falsey and Blossom are lost by graduation. However, there is promising freshmen material to be developed including Pitcher Underwood, who with Way should comprise a winning combination. Milburn, Bush, Pumpelly and La Gore are the most promising candidates for infield positions, while Baston and Vaughan will fight it out for the left field position left vacant by Falsey's graduation.

Three schoolboy twirlers in Boston pitched a no-hit game. Jumping from the high school league is now in order.

DOINGS IN THE AUTO WORLD

Japan is Taking to the Automobile-Prize of \$10,000 Offered to Stimulate Interest-Warning to Tourists in France-Only Beach Meet at Galveston-Racing Color Will be Uniform at Next Indianapolis Race.

Japan, at first slow to adopt the motor ear, is now taking very kindly to the automobile and in fact during the past two years the industry has made very rapid progress in all the countries of the far east. Glowing reports of this advance are made by Henry W. Andrews, Yokohama agent for an American car, who is visiting in California.

"Two years ago," declares Mr. An-

California.

"Two years ago," declares Mr. Andrews, "there were not 100 motor care in Japan. This year more than 1,500 are registered.

"The aversion to the motor car which was so apparent a short time ago is rapidly disappearing. Not many years ago the sight of a motor car on the streets of any but the large cities brought forth storms of protest, usually acompanied by stones hurled at the driver and occupants of the offending car. Happily this has entirely disappeared.

disappeared.

"The Nippon Auto Club, the pioneer automobile club of Japan, is doing good work in road mapping and posting. Maps of the roads suitable for automobile traffic have been made and guideposts are rapidly being erected throughout the islands."

To stimulate the interest of American manufacturers in racing, and to prevent a repetition of the victory scored by Europe in the last Indianapolis five-hundred-mile race, the San Antonio, (Texas) Auto Club has inaugurated a movement for the establishment of a national \$10,000 trophy, to be offered the next American car winning the vent. A substantial usm has been proferred by the club itself, with the suggestion that other subscriptions be called for, throuh the medium of some prominent trade magazine, as Motor Age, for instance. With a little energy and perseverance, it is believed no difficulty in raising the necessary cash will be encountered.

A Greenville, Mich., man has built up a good trade with the aid of a motor truck. He has a car body fitted up like a store, in fact, his equipment is a small grocery establishment.

Tourists in France should be warned not to blow the Klaxon or light the

head lamps in Paris. To do either is almost certain to cause arrest, but no one is ever arrested for speeding in or out of Paris, and the pedestrian who is run over has actually often been fined for being in the way. Owing to the great speed of so many motor cars it is necessary to drive very cautiously.

A serious annoyance to the tourist is the fact that the famous city of Paris stops every motor coming into the city, measures the cubic size of the "essence" tank, measurers the depth of the "essence" then asks you how you how much you have, disputes you and after delaying and hagling while one might go twenty miles, finally assess a heavy duty, 20 centimes a liter, or about 20 cents a gallon on what they think you have aboard. The above tax at Paris is about the same one has to pay in town over what he would pay out of town on "essence." Consequently on leaving the city one generally buys just outside the line. Many cities, including Lyons, have been modern enough to abolish this tax, but a great number stop one to ask if there is any food aboard.

Again Galveston, Tex., is to stage the only automobile besch meet to be held this season. The professional events will be run on July 30, August 1 and August 3 and the events for amateurs will be held on July 31. The Galveston beach races are run each year simultaneous with the big annual Cotton Carnival which draws people from the entire state of Texas and the surrounding country. This year will mark the sixth running of the event, and it is expected that it will outshine all previous attempts from every viewpoint. The committee has appropriated \$5,000 in prizes for the different events to be run.

built of a announced, will be uniform, according to the nation which a car represents. German machines will thus be white; French, blue; English, green; Belgian, yellow; Italian, red; and American, red and white. This move will do away with the freakish individual color combinations.

Magee of the St. Louis club was put off the field in the third inning for disputing a decision. Singles by Wilson, Butier and Snyder in the second inning gave the visitors their first run. Wilson opened the fourth inning with a double and after Butler had sacrificed Wilson was again sent home by Snyder, this time with a double. Cruse singled in the fifth and Dolan sacrificed. Cruse then scored from second on a wild pitch by Adams.

SPORTING NOTES

FINANCIAL AND COMMERCIAL

TREND OF MARKET DOWNWARD. All Important Railway Issues Declined One to Three Points.

One to Three Points.

New York, June 24.—On a volume of business much in excess of recent averages, today's stock market resumed in marked manner the downward trend which began the previous day, largely, it is believed, as a result of the decision rendered earlier in the week by the supreme court in the Intermountain rate case. Today's selling movement embraced virtually all the important railway issues, declines ranging from one to almost three points. Weakest stocks were New York Central, St. Paul and Bultimore and Ohio, which were freely offered, with little support. Other market leaders, including United States Steel, declined under the weight of the selling pressure, which was most pronounced in the later dealings. The closing was at or around the lowest level of the day.

Today's budget of news included the passing of the Panhandle common dividend, with a reduction of the rate previously paid on the preferred. Panhandle, which is controlled by the Pennsylvania company, a subsidiary of the Fennsylvania railroad, fell abruptly before the action of the directors became known and closed with a net loss of seven points. The dividend on United States Cast Iron Pipe preferred also was passed because of poor business, with a sharp deciline in the stock. Among the other obscure specialties United Dry Goods preferred broke almost 15 points.

Unfavorable reports respecting the steel industry accounted for the heaviness of those stocks. Copper metal fell off sharply abroad and further price shading was in effect here. Burope was not a factor in this market, London selling very lightly at the outset, but buying to the extent of a few thousand shares later. Parls reported a steadier tone, with prospects of a lower bank rate. No more gold was taken for shipment to Europe.

Bonds were week, with a decline of six points in International Pump fives. Other speculative issues suffered material losses. Total sales, par value, were \$2,546,000.

Government bonds were unchanged on call.
